trip was during the bay to breakers run so friday was 2x regular rate saturday was 4x and sunday was over 6x rate fortunately details hot tea served in a cast iron kettle a wonderful unique square tub patios with views of the city which open by sliding the wooden doors that have beautiful japanese paintings now loved the location the restaurant and everything else it is a little noisy even in the middle of the night firetrucks police cars with sirens etc but what do you expect in the middle of the city i as they walk past garbage trucks and at 3 a.m. someone wandering around playing the flute needless to say sleeping was difficult if not impossible under these circumstances.the	Zero rating if I could	0.07466	0.01414	1	0.8625
